AL ER DOMA WHAT IT MEANS FOR YOU

The Supreme Court victory in *United States v. Windsor* striking down the discriminatory federal Defense of Marriage Act (DOMA) affirms that all loving and committed couples who are married deserve equal legal respect and treatment from the federal government. The demise of DOMA marks a turning point in how the United States government treats the relationships of married same-sex couples for federal programs that are linked to being married. At the same time, a turning point is part of a longer journey, not the end of the road. There is much work ahead before same-sex couples living across the nation can enjoy all the same protections as their different-sex counterparts.
